SUBJECT INDEX*

ABSTRACTS
Israel Medical Association, 22nd Scientific Congress, Proceedings, October 1966, 334
ACID PHOSPHATASE
Serum and tissue acid α-naphthylphosphatase isozymes in various diseases, 505
ADAMS-STOKES SYNDROME
Medical treatment of Stokes-Adams disease, 257
ADENOSINE TRIPHOSPHATASE
The physiological role of sodium-potassium activated adenosine triphosphatase in the active transport of cations across biological membranes, 155
The rate limiting step in the uphill transport of Na^+ and K^+ ions at low temperatures, 143
ADHESIONS
Dextran in prevention of peritoneal adhesions, 806
ADIPOSE TISSUE
Adipose tissue glycogen, 427
Effect of cell size on the metabolism of isolated fat cells, 787
ADRENAL GLANDS
Inhibitory effect of hypothalamic implants of corticosterone on adrenocortical response to auditory stimulation (SPC), 915
ALKALINE PHOSPHATASE
Familial glycosuria and amino aciduria associated with low serum alkaline phosphatase, 392
AMINES
The occurrence of putrescine, spermidine and spermine in Ehrlich ascites cells (SPC), 474
AMINO ACID METABOLISM, INBORN ERRORS
Familial glycosuria and amino aciduria associated with low serum alkaline phosphatase, 392
AMYLOID
Chemical aspects of amyloid-Congo red binding (SPC), 572
Isolation of highly purified amyloid (SPC), 569
ANEMIA
Correspondence on, 182
Effect of correction of anemia on the glomerular filtration rate in chronic renal failure, 53
Iron deficiency anemia in children in a new-immigrant town in Israel, 890
ANEMIA, HEMOLYTIC, ACQUIRED
Sequestration studies with chromium-51 labeled red cells as criteria for splenectomy, 832
ANESTHESIA, GENERAL
Air-halothane anesthesia (SPC), 458
ANTIBODIES
Antikidney antibodies, 167
Antiserum to ceramide lactoside hapten mixed with carrier protein, 577
Immunological aspects of myasthenia gravis, 855
ANTIGENS
A study of Salmonella O antigens by Ouchterlony's agar diffusion method, 524
Organ specific antigens in rat liver, 809
Physical chemical properties of SV_{40} induced tumor ("T") antigen (SPC), 912
AORTIC VALVE
The Magovern prosthesis for aortic lesions: Modification of surgical technique (SPC), 905
APHORISMS AND PROVERBS
Hebrew medicine, 44, 136, 379, 421, 490, 543, 607, 676, 701, 746, 821, 831, 854
ARRHYTHMIA
Electric countershock for cardiac arrhythmias, 313
Standby pacing in multiple arrhythmias, 221
ARTERIOSCLEROSIS
Severity of atherosclerosis in Yemenite Jews in relation to their length of residence in Israel, 453
ATROPINE
Accidental organic phosphorus poisoning: the use of propranolol to counteract vagolytic cardiac effects of atropine (SPC), 582
AUTOIMMUNE DISEASES
Antikidney antibodies, 167
AUTONOMIC DYSFUNCTION
A clinical, genetic and biochemical study of familial dysautonomia in Israel, 358
Comments on familial dysautonomia, 355
The Riley-Day syndrome—observations on genetics and survivorship, 372

* CPC = Clinico-pathological Conference.
SPC = Short and Preliminary Communication.

BARIUM
Food poisoning due to barium carbonate in sausage, 565
BIOLOGICAL TRANSPORT, ACTIVE
The physiological role of sodium-potassium activated adenosine triphosphatase in the active transport of cations across biological membranes, 155
The rate limiting step in the uphill transport of Na^+ and K^+ ions at low temperatures, 143
BODY TEMPERATURE
Relationship between rectal, visceral and muscle temperatures during body temperature elevation, 535
BONE AND BONES
Collagenase in human, goat and rat bone (SPC), 758
Copper and bones, 773
Editorial, 615
Histological and histochemical observations on undecalcified sections of ancient bones from excavations in Israel, 747
Lack of physicochemical equilibrium between blood and bone calcium in the isolated perfused dog limb, 702
Role of the skeleton in regulation of tissue fluoride content, 714
A study of the effect of fluoride on bone and osteoarthritis in mice, 719
The turnover of bone, 776
X-ray diffraction and infrared analysis of bone specific gravity fractions in the growing rat, 677
BONE NEOPLASMS
Changes in calcium metabolism in metastatic bone disease, 643
BONE RESORPTION
The inhibition of bone resorption in tissue culture by nontoxic concentrations of sodium fluoride, 617
BRONCHITIS
Chronic bronchitis and emphysema. Observations on trends and distribution according to death certificate data, Israel 1960 to 1964, 885
Effect of squatting on the respiratory function in normal subjects and in patients with chronic bronchitis and emphysema, 549
BRAIN STEM
Effect of brain stem transections on the respiratory response to medullary stimulation, 440
BRUCELLA VACCINE
Immunization against Brucella with killed vaccines. II. Immunizing activity of killed Brucella vaccines in guinea pigs, 814
BURNS
Survival after cardiac arrest in a case of severe burn, 553
CALCIFICATION, PHYSIOLOGIC
Fetal and neonatal fluoride uptake by calcified tissues of rats, 726
CALCIUM
Calcium-47 absorption in rats with induced hyperthyroidism, 639
Changes in calcium metabolism in metastatic bone disease, 643
Effect of carrier calcium level on the comparative metabolism of calcium-45 and strontium-89 in the rat, 697
Lack of physicochemical equilibrium between blood and bone calcium in the isolated perfused dog limb, 702
Renal handling of calcium, magnesium and inorganic phosphate in chronic renal failure, 60
Study on calcium metabolism, thyroid calcitonin assay and effect of thyroidectomy in pseudohypoparathyroidism, 627
CALCIUM HYDROXIDE
Reaction of dental pulp to Ledermix and Calxyl, 739
CARCINOMA, EHRLICH TUMOR
The occurrence of putrescine, spremidine and spermine in Ehrlich ascites cells (SPC), 474
CHROMOSOME ABNORMALITIES
The Philadelphia[1] chromosome in two children with chronic myeloid leukemia, 380
CHROMIUM ISOTOPES
Sequestration studies with chromium-51 labeled red cells as criteria for splenectomy, 832
CLONE CELLS
Effect of polycythemia on the replication of colony-forming stem cells, 800
CLOSTRIOPEPTIDASE A
Collagenase in human, goat and rat bone (SPC), 758
CONGO RED
Chemical aspects of amyloid-Congo red binding, (SPC), 572
CONGRESSES
Annual meeting of the American Academy of Pediatrics, Section on Surgery, 35th, 1966, 612
European Conference on Microcirculation, 4th, Cambridge, 1966, 352
European Symposium on Calcified Tissues, 5th, Bordeaux, 1967, 781
International Conference on the Biochemistry of Lipids, 11th, 1967, 931
International Congress of Nephrology, 3rd, 1966, 201
Rehovoth Conference on Health Problems in Developing States, 4th, 1967, 928
Scandinavian Society of Thoracic Surgery, Helsinki, 1966, 353
Scientific Congress of the Israel Medical Association, 22nd, Proceedings, October, 1966, 334

Symposium on Hodgkin's Disease and Allied Disorders, 499
COLLAGEN
Cell growth promoting effect of enriched collagen solutions thermally gelled *in vivo* (SPC), 755
COPPER
Copper and bones, 773
CORONARY CARE UNITS
Basic design and equipment needed for a coronary care unit, 287
Coronary care programs in the Unites States, 279
Coronary care units today and tomorrow (Abstract), 318
Panel discussion: Coronary care units, 319
CORONARY DISEASE
Risk factors in coronary heart disease—environmental and hereditary influences, 594
CORTICOSTERONE
Inhibitory effect of hypothalamic implants of corticosterone on adrenocortical response to auditory stimulation (SPC), 915
CULTURE MEDIA
Cell growth promoting effect of enriched collagen solutions thermally gelled *in vivo* (SPC), 755
CYSTINURIA
Treatment of cystinuria in childhood with penicillamine, 544

DEAFNESS
Deafness among children in Northern Israel. Incidence and etiology, 894
DEFICIENCY DISEASES
Iron deficiency anemia in children in a new-immigrant town in Israel, 890
DENTAL ENAMEL
X-ray diffraction assay of enamel dentin separation, 671
DENTAL PULP
Reaction of dental pulp to Ledermix and Caxyl, 739
DENTIN
X-ray diffraction assay of enamel-dentin separation, 671
DESERT CLIMATE
Potassium depletion in permanent inhabitants of hot areas (SPC), 149
DEXTRAN
Dextran in prevention of peritoneal adhesions, 806
DISEASE VECTORS
The epidemiological complexity of *Leptospira canicola* infection of man and animals in Israel, 880
DRINKING
Kidney factor(s) affecting water consumption in the rat (SPC), 910

EAR DISEASES
The chronically infected middle ear mucosa (SPC), 479
EMPHYSEMA
Chronic bronchitis and emphysema. Observations on trends and distribution according to death certificate data, Israel, 1960, to 1964, 885
Effect of squatting on the respiratory function in normal subjects and in patients with chronic bronchitis and emphysema, 549
ENDOCARDITIS, BACTERIAL
Bacterial endocarditis due to *Mima polymorpha*, 875
ENTERITIS
Pathogenesis of *Escherichia coli* enteritis in the ligated rabbit gut, 445
ENVIRONMENT
Severity of atherosclerosis in Yemenite Jews in relation to their length of residence in Israel, 453
ENZYME TESTS
Effect of serum concentration on the assay of enzymatic activities of diagnostic importance (SPC), 907
EPIDEMIOLOGY
Chronic bronchitis and emphysema, 885
Deafness among children in Northern Israel, 894
The epidemiological complexity of *Leptospira canicola* infection of man and animals in Israel, 880
Familial nephritis, 106
Iron deficiency anemia in children in a new-immigrant town in Israel, 890
Risk factors in coronary heart disease, 594
Severity of atherosclerosis in Yemenite Jews in relation to their length of residence in Israel, 453
EQUIPMENT AND SUPPLIES
On the possibility of using the "Kerr cell" as a tool in biomedical research (SPC), 467
ERYTHROCYTES
Red blood cell content of water, sodium and potassium in body fluid disturbances, 137
ERYTHROPOIESIS
Absence of an inhibitor of erythropoiesis in postnatal plasma (SPC), 477
ESCHERICHIA COLI INFECTIONS
Pathogenesis of *Escherichia coli* enteritis in the ligated rabbit gut, 445
ESOPHAGEAL DISEASES
Wandering esophagus (SPC), 462
ETHACRYNIC ACID
Clinical experience with ethacrynic acid, 113
ETHIOPIA
Medical work among the Falashas of Ethiopia, 483

FISTULA
Broncho-pleuro-colonic fistula, 558

FLUORIDES
Fetal and neonatal fluoride uptake by calcified tissues of rats, 726
The inhibition of bone resorption in tissue culture by nontoxic concentrations of sodium fluoride, 617
Role of the skeleton in regulation of tissue fluoride content, 714
A study of the effect of fluoride on bone and osteoarthritis in mice, 719
FOOD POISONING
Food poisoning due to barium carbonate in sausage, 565
A halophilic bacterium as the suspected cause of food poisoning (SPC), 456

GLOMERULAR FILTRATION RATE
Effect of correction of anemia on the glomerular filtration rate in chronic renal failure, 53
Effects of large doses of hyaluronidase upon urine concentration in dogs, 119
GLUCOSE TOLERANCE TEST
Effect of cigarette smoking on glucose tolerance in pregnant women, 561
GLUCOSIDASE
Tissue α-glucosidase activity and glycogen content in patients with generalized glycogenosis, 411
GLYCERIDES
Effect of cell size on the metabolism of isolated fat cells, 787
GLYCOGEN
Adipose tissue glycogen, 427
Metabolic characteristics of extraocular muscles of rabbits. Comparison with heart and latissimus dorsi muscles, 513
Tissue α-glucosidase activity and glycogen content in patients with generalized glycogenosis, 411
GLYCOGENOSIS
Debrancher enzyme activity in blood cells of families with Type III glycogen storage disease, 422
The diagnosis of glycogen storage disease in clinical practice, 494
Glycogen storage disease in Israel, 397
Tissue α-glucosidase activity and glycogen content in patients with generalized glycogenosis, 411
GLYCOLIPIDS
Antiserum to ceramide lactoside hapten mixed with carrier protein (SPC), 577
GLYCOSIDE HYDROLASES
Debrancher enzyme activity in blood cells of families with Type III glycogen storage disease, 422
Glycogen storage disease in Israel, 397
GLYCOSURIA
Familial, glycosuria and amino-aciduria associated with low serum alkaline phosphatase, 392

HALOBACTERIUM
A halophilic bacterium as the suspected cause of food poisoning (SPC), 456
HALOTHANE
Air-halothane anesthesia (SPC), 458
HEART ARREST
Survival after cardiac arrest in a case of severe burn, 553
HEART BLOCK
An evaluation of transvenous pacing of the heart in complete heart block following acute myocardial infarction, 306
An implantable micropacemaker without wire electrodes for continuous control of heart block, 236
HEART DISEASES
Electric countershock for cardiac arrhythmias, 313
Standby pacing in multiple arrhythmias, 221
HEART FAILURE, CONGESTIVE
Clinical experience with ethacrynic acid, 113
Red blood cell content of water, sodium and potassium in body fluid disturbances, 137
HEART SEPTAL DEFECTS, ATRIAL
Atrial septal defect—implications for medical practice, 585
HEMODIALYSIS
Evaluation of peritoneal dialysis and haemodialysis in paediatrics, 28
Intermittent haemodialysis, 1
Some medical problems of chronic hemodialysis, 14
HEMODYNAMICS
Changes in circulatory function following acute myocardial infarction, 295
HEMOGLOBINS, ABNORMAL
Hemoglobin Hasharon (α 47 aspartic acid → histidine), 827
HEMORRHAGE
Clinical experience with ethacrynic acid, 113
HEMORRHAGE, GASTROINTESTINAL
Gastrointestinal bleeding, hypertension and paraproteinemia (CPC), 920
HETEROZYGOTE
Debrancher enzyme activity in blood cells of families with Type III glycogen storage disease. A method for diagnosis of heterozygotes, 422
HISTORICAL BIOGRAPHY
Thomas Hodgkin (1798 to 1866), 501
HODGKIN'S DISEASE
Symposium on Hodgkin's disease and allied disorders, 499
HYALURONIDASE
Effect of large doses of hyaluronidase upon urine concentration in dogs, 119

HYPERKALEMIA
Cation exchange resins in hyperkalemic renal failure, 45
HYPERPARATHYROIDISM
Studies on the biology of the periodontium of marmosets. III. Periodontal bone changes in marmosets with osteomalacia and hyperparathyroidism, 731
HYPERTENSION
Antidiuretic response to vasopressin during infusion of albumin into hypertensive and prehypertensive subjects, 131
Gastrointestinal bleeding, hypertension and paraproteinemia (CPC), 920
HYPERTHYROIDISM
Calcium-47 absorption in rats with induced hyperthyroidism, 639
HYPOTHALAMUS
Inhibitory effect of hypothalamic implants of corticosterone on adrenocortical response to auditory stimulation (SPC), 915
HYPOTHYROIDISM
Effect of triiodothyronine on calcium and phosphorus metabolism in hypothyroidism (SPC), 761

IMMUNE SERUMS
Antiserum to ceramide lactoside hapten mixed with carrier protein (SPC), 577
IMMUNIZATION
Immunization against Brucella with killed vaccines. II. Immunizing activity of killed Brucella vaccines in guinea pigs, 814
INFANT MORTALITY
Infant mortality in Africa, 181
IODINE ISOTOPES, DIAGNOSTIC
Sequential scanning of the thyroid as an aid in the diagnosis of subacute thyroiditis, 847
ION EXCHANGE RESINS
Cation exchange resins in hyperkalaemic renal failure, 45
ISOENZYMES
Serum and tissue acid α-naphthylphosphatase isozymes in various diseases, 505

JOINT DISEASES
The nature of refractile inclusions in leukocytes of synovial effusions, 838

KIDNEY
Antikidney antibodies, 167
Cadaveric renal transplantation in man, 88
Contributions to renal pathology through the use of the electron microscope, 191
Kidney factor(s) affecting water consumption in the rat (SPC), 910
The rate limiting step in the uphill transport of Na^+ and K^+ ions at low temperatures, 143
Renal human homotransplantation, 80
Symmetry and asymmetry of renal function, 539
KIDNEY FAILURE, ACUTE
Acute renal failure, arthralgia and chronic pulmonary symptoms in a 59-year-old woman (CPC), 184
KIDNEY FAILURE, CHRONIC
Red blood cell content of water, sodium and potassium in body fluid disturbances, 137
KIDNEY, POLYCYSTIC
The X-ray diagnosis of cyst rupture in polycystic kidney disease (SPC), 151

LEPROSY
The burden of leprosy, 180
LEPTOSPIRA CANICOLA
The epidemiological complexity of *Leptospira canicola* infection of man and animals in Israel, 880
LETTERS TO EDITOR
De Silva, C. C., 182
Levin, S., 902
LEUKEMIA, MONOCYTIC
Chronic monocytic leukemia: A case with an eight-year survival, 868
LEUKEMIA, MYELOCYTIC
The Philadelphia[1] chromosome in two children with chronic myeloid leukemia, 380
LEUKOCYTES
The nature of refractile inclusions in leukocytes of synovial effusions, 838
LIPIDS
Metabolic characteristics of extraocular muscles of rabbits. Comparison with heart and latissimus dorsi muscles, 513
LIVER CIRRHOSIS
Red blood cell content of water, sodium and potassium in body fluid disturbances, 137
LUNG
Lung function following exposure to, and recovery from, nitrogen dioxide (SPC), 470
LUNG DISEASES
Acute renal failure, arthralgia and chronic pulmonary symptoms in a 59-year-old woman (CPC), 184

MACROGLOBULINEMIA
Gastrointestinal bleeding, hypertension and paraproteinemia (CPC), 920
MAGNESIUM
Renal handling of calcium, magnesium and inorganic phosphate in chronic renal failure, 60

MANDELIC ACID
A clinical, genetic and biochemical study of familial dysautonomia in Israel, 358
MEDULLA OBLONGATA
Effect of brain stem transections on the respiratory response to medullary stimulation, 440
MICROSCOPY, ELECTRON
Contributions to renal pathology through the use of the electron microscope, 191
MIMAE INFECTIONS
Bacterial endocarditis due to *Mima polymorpha*, 875
MORTALITY
Causes of death—international comparison, 608
Infant mortality in Africa, 181
The Riley-Day syndrome—observations on genetics and survivorship, 372
MUSCLES
Metabolic characteristics of extraocular muscles of rabbits. Comparison with heart and latissimus dorsi muscle, 513
The effect of polyoma virus on differentiating multinucleated muscle fibers (SPC), 329
MYASTHENIA GRAVIS
Immunological aspects of myasthenia gravis, 855
MYOCARDIAL INFARCT
An evaluation of transvenous pacing of the heart in complete heart block following acute myocardial infarction, 306
Changes in circulatory function following acute myocardial infarction, 295

NEOPLASMS
Serum and tissue acid α-naphthylphosphatase isozymes in various diseases, 505
NEOPLASMS, EXPERIMENTAL
Effect of phytohemagglutinin on ascites tumor and SV_{40} induced sarcoma of hamsters, 822
Physical chemical properties of SV_{40} induced tumor ("T") antigen (SPC), 912
NEPHRITIS
Familial nephritis, 106
NITROGEN DIOXIDE
Lung function following exposure to, and recovery from, nitrogen dioxide (SPC), 470
NOREPINEPHRINE
A clinical, genetic and biochemical study of familial dysautonomia in Israel, 358

OBITUARY
Harry Heller, 492
Kurt Steinitz, 491
ORGAN SPECIFICITY
Organ specific antigens in rat liver, 809
OSTEOARTHRITIS
A study of the effect of fluoride on bone and osteoarthritis in mice, 719
OSTEOBLASTS
Osteoblast function and fine structure, 657
OSTEOMALACIA
Studies on the biology of the periodontium of marmosets. III. Periodontal bone changes in marmosets with osteomalacia and hyperparathyroidism, 731

PACEMAKER, ARTIFICIAL
A combined study of four years of synchronous pacing (Abstract), 246
The "conditioned pacer." A modified synchronous pacemaker, 247
Detection of impending pacemaker failure, 260
Endocardial radio-frequency pacemaker, 241
An evaluation of transvenous pacing of the heart in complete heart block following acute myocardial infarction, 306
Experience in 28 cases of atrial triggered pacemaking without thoracotomy, 252
Experience in 185 cases of intravenous fixed rate pacing, 216
An implantable micropacemaker without wire electrodes for continuous control of heart block, 236
Opening address, 205
Panel discussion: Fixed rate implanted pacemaking, 270
Permanent transvenous pacing of the heart, 210
Remote stimulation of the heart by means of radio-frequency pulses, 230
Standby pacing in multiple arrhythmias, 221
PENICILLAMINE
Treatment of cystinuria in childhood with penicillamine, 544
PERIODONTIUM
Studies on the biology of the periodontium of marmosets. III. Periodontal bone changes in marmosets with osteomalacia and hyperparathyroidism, 731
PERITONEAL DIALYSIS
Evaluation of peritoneal dialysis and haemodialysis in paediatrics, 28
PHOSPHATE
Renal handling of calcium, magnesium and inorganic phosphate in chronic renal failure, 60
PHOSPHORUS
Accidental organic phosphorus poisoning: the use of propranolol to counteract vagolytic cardiac effects of atropine (SPC), 582

PLANT AGGLUTININS
Effect of phytohemagglutinin on ascites tumor and SV_{40} induced sarcoma of hamsters, 822
PLETHYSMOGRAPHY
Application of strain gauge plethysmography to the assessment of peripheral vascular disease, 862
POISONING
Accidental organic phosphorus poisoning: the use of propranolol to counteract vagolytic cardiac effects of atropine (SPC), 582
POLYCYTHEMIA
Effect of polycythemia on the replication of colony-forming stem cells, 800
POLYOMA VIRUS
The effect of polyoma virus on differentiating multinucleated muscle fibers (SPC), 329
POSTURE
Effect of squatting on the respiratory function in normal subjects and in patients with chronic bronchitis and emphysema, 549
POTASSIUM
Potassium depletion in permanent inhabitants of hot areas (SPC), 149
PREGNANCY
Effect of cigarette smoking on glucose tolerance in pregnant women, 561
PROPRANOLOL
Accidental organic phosphorus poisoning: the use of propranolol to counteract vagolytic cardiac effects of atropine (SPC), 582
PROSTHESIS
The Magovern prosthesis for aortic lesions. Modification of surgical technique (SPC), 905
PROTEINURIA
Renal histology in 30 cases of isolated proteinuria, 98
PSEUDOHYPOPARATHYROIDISM
Study on calcium metabolism, thyroid calcitonin assay and effect of thyroidectomy in pseudohypoparathyroidism, 627
PUBLIC HEALTH
Medical work among the Falashas of Ethiopia, 483
PYELONEPHRITIS
Chronic pyelonephritis, 93

RESPIRATION
Effect of brain stem transections on the respiratory response to medullary stimulation, 440
Effect of squatting on the respiratory function in normal subjects and in patients with chronic bronchitis and emphysema, 549
RESUSCITATION
Survival after cardiac arrest in a case of severe burn, 553

SALMONELLA
A study of Salmonella O antigens by Ouchterlony's agar diffusion method, 524
SCHISTOSOMIASIS
Bilharzia project in Egypt, 918
SEX CHROMATIN
A three-dimensional interpretation of apparent differences in the incidence of sex chromatin, 783
SHOCK THERAPY, ELECTRIC
Electric countershock for cardiac arrhythmias, 313
SMOKING
Effect of cigarette smoking on glucose tolerance in pregnant women, 561
SPECTROPHOTOMETRY
X-ray diffraction and infrared analysis of bone specific gravity fractions in the growing rat, 677
SPLENECTOMY
Sequestration studies with chromium-51 labeled red cells as criteria for splenectomy, 832
SPERMINE
Antiviral action of oxidized spermine: Inactivation of certain animal viruses (SPC), 575
The occurrence of putrescine, spermidine and spermine in Ehrlich ascites cells (SPC), 474
STAINS AND STAINING
Chemical aspects of amyloid-Congo red binding (SPC), 572
STEVENS-JOHNSON SYNDROME
A mild form of Stevens-Johnson syndrome following measles vaccination (SPC), 903
STRONTIUM
Effect of carrier calcium level on the comparative metabolism of calcium-45 and strontium-89 in the rat, 697
Strontium-90 metabolism in man, 691
SYNOVIAL FLUID
The nature of refractile inclusions in leukocytes of synovial effusions, 838

TEMPERATURE
The rate limiting step in the uphill transport of Na^+ and K^+ ions at low temperatures, 143
TETRACYCLINE
Reaction of dental pulp to Ledermix and Calxyl, 739
THIAMINE DEFICIENCY
The oxidation of C^{14}-pyruvate and of C^{14}-ribose in thiamine deficient intact rats, 792
THYROCALCITONIN
Study on calcium metabolism, thyroid calcitonin assay and effect of thyroidectomy in pseudohypoparathyroidism, 627
Thyrocalcitonin: A survey of contributions made at the Royal Postgraduate Medical School, London, 765

THYROIDECTOMY
Study on calcium metabolism, thyroid calcitonin assay and the effect of thyroidectomy in pseudohypoparathyroidism, 627
THYROID DISEASES
Effect of triiodothyronine on calcium and phosphorus metabolism in hypothyroidism (SPC), 761
THYROIDITIS
Sequential scanning of the thyroid as an aid in the diagnosis of subacute thyroiditis, 847
THYROXINE
A simple method for purification of labeled thyroxine and measurement of free thyroxine in serum (SPC), 326
TONGUE
A clinical, genetic and biochemical study of familial dysautonomia in Israel, 358
TRANSPLANTATION, HOMOLOGOUS
Cadaveric renal transplantation in man, 88
Renal human homotransplantation, 80
Shortening the ischemic time in cadaveric human renal transplantation (SPC), 333
TRANSPLANTATION IMMUNOLOGY
Shortened survival of rat allografts after the rejection of xenografts (SPC), 580
TRIIODOTHYRONINE
Effect of triiodothyronine on calcium and phosphorus metabolism in hypothyroidism (SPC), 761
TRIAMCINOLONE
Reaction of dental pulp to Ledermix and Calxyl, 739

UMBILICAL ARTERIES
Single umbilical artery. A report of 50 cases, 899
UREMIA
Cadaveric renal transplantation in man, 88
Effect of correction of anemia on the glomerular filtration rate in chronic renal failure, 53
Renal handling of calcium, magnesium and inorganic phosphate in chronic renal failure, 60
Some medical problems of chronic hemodialysis, 14
URINATION
Voiding velocity during micturition in normal young men (SPC), 330
URINE
Effect of large doses of hyaluronidase upon urine concentration in dogs, 119
UROGRAPHY
The X-ray diagnosis of cyst rupture in polycystic kidney disease (SPC), 151

VACCINATION
A mild form of Stevens-Johnson syndrome following measles vaccination (SPC), 903
VASCULAR DISEASES
Application of strain gauge plethysmography to the assessment of peripheral vascular disease, 862
VASOPRESSIN
Antidiuretic response to vasopressin during infusion of albumin into hypertensive and prehypertensive subjects, 131
VESICO-URETERAL REFLUX
Chronic pyelonephritis, 93
VIRUSES
Antiviral action of oxidized spermine: Inactivation of certain animal viruses (SPC), 575

WORLD HEALTH
Bilharzia project in Egypt, 918
The burden of leprosy, 180
Causes of death—international comparisons, 608
Infant mortality in Africa, 181
Medical work among the Falashas of Ethiopia, 483

X-RAY DIFFRACTION
X-ray diffraction and infrared analysis of bone specific gravity fractions in the growing rat, 677
X-ray diffraction assay of enamel-dentin separation, 671
